CREATIVE METAL SOLUTIONS

About

At Creative Metal Solutions, we forge the foundation of energy. With a specialized focus on the oil and gas sector, we deliver precision steel fabrication solutions that meet the most demanding technical, safety, and environmental standards. From offshore platforms to onshore processing facilities, our expert team combines engineering excellence, industry compliance, and innovation to construct structures that endure the harshest conditions.

Driven by quality, powered by expertise, and committed to client success, we are more than just fabricators—we are partners in building the infrastructure that fuels progress.

Our office and storage yard are spread over 10,000 Sq. meters in Saudi Arabia with efficient and energetic work forces.

Our Mission

To deliver precision-engineered steel fabrication solutions that build the backbone of modern industry. We are committed to quality craftsmanship, reliable service, and continuous innovation—empowering our clients with structures that stand the test of time.

Our Vision

To be the trusted steel fabrication partner powering the oil and gas industry's most demanding ventures—delivering strength, precision, and reliability in every weld, beam, and structure across the energy frontier.

At Creative Metal Solutions, quality isn't just a checkpoint—it's our foundation. In the high-stakes environment of oil and gas, we uphold the highest standards of steel fabrication, adhering to international codes and client specifications. Through rigorous inspection, skilled craftsmanship, and continuous improvement, we ensure every weld, joint, and structure meets or exceeds performance expectations. Our commitment is simple: zero compromise on safety, precision, or integrity—every time

Pipe Spools

Baskets & Racks

Gasoline, Diesel & Water Tanks

Safety Showers

Lifting Beams

Office, Store & Ablution Container

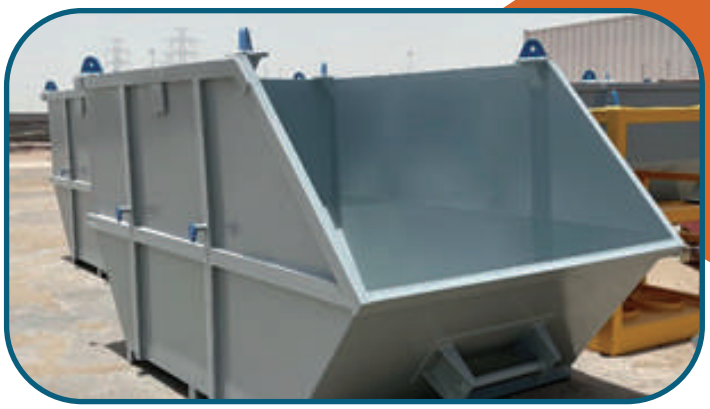

Platform & Flap valves.

Double Wall
Diesel Tank

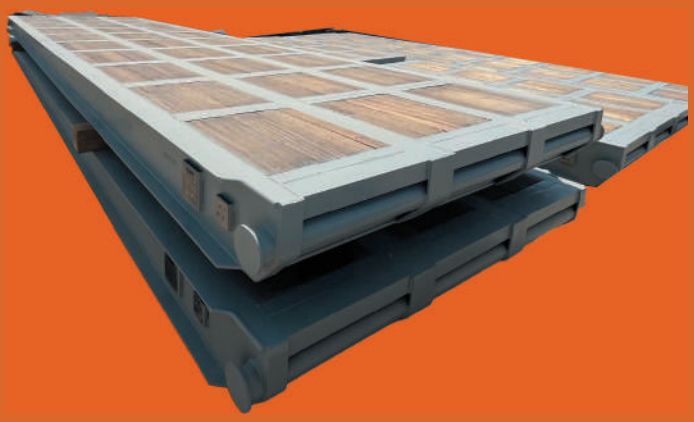

↙ Chemical Mixing Tank

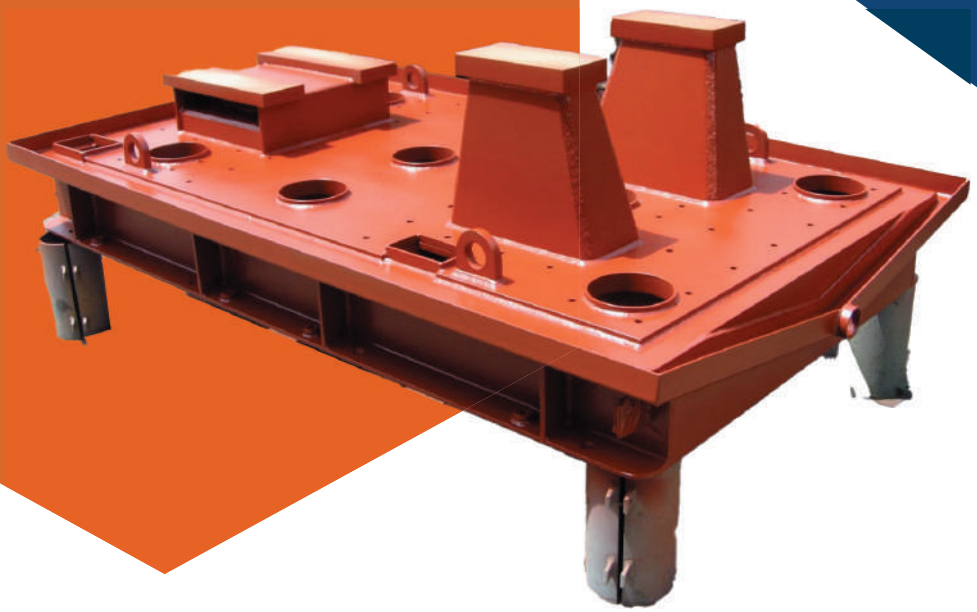

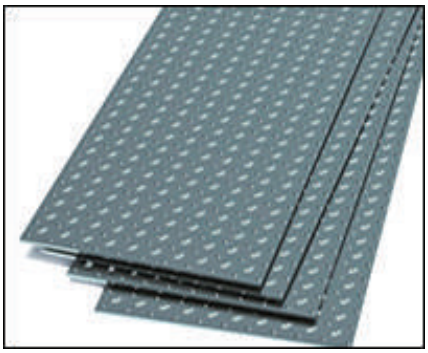

STOCKIST OF STRUCTURAL STEEL

Steel Sheet & Plates

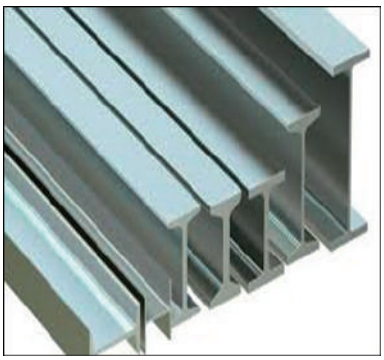

We keep stock of All kinds of Plates Checker Plate, Carbon steel and Stainless-Steel Plate/Sheets.
CS Grade: - A36, S275JR, S355, Gr 50, Gr 70
SS Grade:- SS316,SS316L, SS304

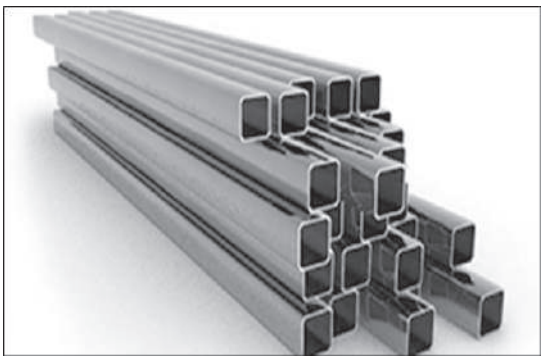

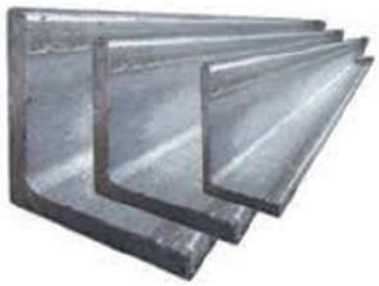

Structural Steel:- Grade A36, Gr 50

Beams || Angles || Channels ||Square Hollow Sections ||Rectangular Hollow Sections

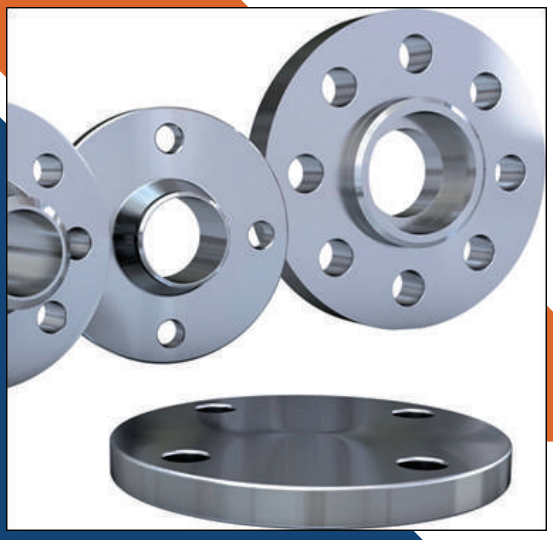

PIPES

CS PIPES SEAMLESS GRADE :-
ASTM A53/A106 Gr B/API 5LX
Size :- ¼" to 60" Seamless
Schedule 20 to XXS
CS PIPE WELDED (ERW) :-
ASTM 120/A53 Gr A/B
Size:- ½" to 40 " Schedule 20 & 40
SS PIPES GRADE :- ASTM 312 Type 304,316, 316L

FLANGES:

Weld Neck, Slip On, Blind, Socket & Screwed
PressureRating:-Class
15,300,600,900,1500,2500,300
Standard:- ASTM A105/A350/LF2/ASA/BS/
DIN Size ½" to 6"

VALVES

FORGED SS OR CARBON STEEL VALVES: - Ball Valve, Gate Valve, Check Valve, Foot Valve, Globe Valve
Type :- Threaded or Flanged
Size :- ½" to 24"
Butter Fly Valve :- CS or SS
Type :- Lug Type, Wafer Type, Gear Type

FITTINGS

Forged Fittings, Malleable Iron Fittings, Brass Fittings, SS Fittings
Type :- Elbow, Tee, Coupling, Reducers

BEARINGS

Deep-Groove Ball Bearings, Angular Contact Ball Bearings, Self-Aligning Ball Bearings, Thrust Ball Bearings, Spherical Roller Bearings, Cylindrical Roller Bearings, Tapered Roller Bearings, Needle Roller Bearings

General Purpose and Industrial Pumps

We supply a wide range of water, chemical, and fuel pumps for both industrial and commercial applications. We supply all varieties of pumps for applications that are suitable for fuel, water, and chemical transfer, our pump supply includes rotary vane positive displacement pumps, centrifugal pumps, gear pumps, turbine pumps, air-operated double diaphragm pumps, submersible pumps, hand pumps, engine driven pumps
